

# HYBRID MEETINGS WORKSHOP

## Come together to get work done

Flexible work is here to stay: over 80% of managers say they expect more flexible work from home policies, and more than 70% of employees say they expect to take advantage of them.\*

With Microsoft Teams, you can help people stay connected, collaborate seamlessly, and simplify work, in a secure and compliant way – all in one place. In short, Microsoft Teams is where people come together to get work done with Microsoft Teams Meetings and Microsoft Teams Rooms as the foundation.

Transparency's Hybrid Meetings Workshop is a modular engagement to help define your business priorities and scenarios that drive hybrid work.
